September 2021 – January 2022

Full Stack Developer

HENRY, Latin America

- Front End: React, Redux.
- Back End: NodeJS, Express, Testing.
- DB: SQL, Sequelize, PostgreSQL.

July 2016 – June 2021

Electronic Engineering

El Bosque University, Bogota.

- Emphasis on Telecommunications, Automation Control, Medical Equipment.
- Thesis of Meritorious Degree with Minciencias titled:

"Development of a coaxial probe for the measurement of permittivity in liquid materials".

January 2020 – February 2021

Advance English Program

EF English Live

Skills

Languages

English - Advanced intermediate level B2

- EF Level 13 Advanced

IT Tools JavaScript
 HTML
 CSS
 React - Redux
 Node - Express
 Sequelize - PostgreSQL
 Matlab – Simulink
 Arduino - Raspberry Pi

Additional Information

Volunteering **TECHO**

Construction of houses for families in conditions of extreme poverty

Seedbeds **IEEE 'Antennas and Propagation Society' Seedbed**

Research group at El Bosque University with a focus on principles of electromagnetism, design and construction of antennas.

OPLANELEC seedbed

Research group at El Bosque University focused on the design of antennas and different means of propagation of electromagnetic waves.

Sport **Athletics**

Marathon runner
Trail Running
